

# OROLUR 396

## EPOXI PAINT FOR FLOORS – SAND

Dry quartz with particle size between 150 and 500 microns to be used as a filler for self-leveling epoxy systems with thicknesses greater than 1 mm.

Also suitable for obtaining non-slip floors by adding it directly to the paints or sowing. Floors Class 3, suitable for outdoors with slopes higher than 6%, can be achieved.

### Physical features

Specific weight	2.50 – 2.75 g/cc
Solids	100%
Composition	SiO <sub>2</sub> > 98%
Color	White sand
Appearance in the can	Granulated solid
Stability (without opening the can)	12 months at 10-25°C

### Use of the product

**SELF LEVELLING PAINT** Add the OROLUR 390 to the OROLUR 394 (base): OROCAT 794 mixture in the same quantity (by weight) that you have from this mixture. The proportion that would remain as a whole would be: 4 parts of the OROLUR 394 base - 1 part of the OROCAT 794 catalyst - 5 parts of the OROLUR 390 sand.).

**For more details see the OROLUR 394 technical data sheet**

**ANTI SLIP PAINTS**

Estimated consumption for sowing 0.35-0.4 Kg / m<sup>2</sup>  
If it is added directly to the paint add 15-20% of OROLUR 396 before use and stir it thoroughly. Bear in mind that this product is prone to settlement

### Additional information

Security	Consult package labeling. For more information request the Safety Sheet.
Storage time	1 year

Instructions included in this technical data sheet and its advices have been got from our own experiences and they should be taken as guidelines, with no commitment from us. Values shown in this technical data sheet are only a reference and must not be considered as strict. The customer can and should check the goods provided by us, verifying they are right and valid for their offered purposes. It is completely out of our control the correct application of the product as well as its adequate use, variable working circumstances, etc, so this means the customer is responsible for them. This stated, we completely guarantee the quality of our products, as a consequence of our sales and delivery commitments previously established.
