# INTERIOR ACABADO

(INDOOR FINISH)

### PRODUCT DESCRIPTION

A single component, water-based, colourless varnish developed for finishing indoor furniture and wood. It's non-flammable and virtually odourless. Available in various levels of shine: matte, satin, and gloss.

### GENERAL FEATURES

- Application by brush, short-haired roller, or spray gun.
- Quick drying speed.
- Excellent vertical sag resistance (thixotropy).
- Outstanding appearance, feel, smoothness, and silkiness.
- High resistance to yellowing.
- Good scratch resistance.
- Cleaning of tools with water.

## CHARACTERISTICS

Viscosity Brookfield 10 rpm	1100 cp.
Specific weight	1,040 g/cm <sup>3</sup> .
Dry extract	34%
Appearance in the container	Fluid liquid.
Dry film appearance	Colourless.
Stability without opening the container (protect from frosts)	12 months.
Performance	8-10 m <sup>2</sup> /l (1X90 g/m <sup>2</sup> )

## APPLICATION

**Support and preparation:** Wood previously sealed with the water-based 'INTERIOR-TAPAPOROS' primer, properly sanded. Remove sanding residue by blowing or using a cloth.

**Application:** The product is ready for use. Shake well to ensure product uniformity. Apply a coat of 90 g/m<sup>2</sup>. To ease drying, avoid application in cold and humid environments. Keep the product at a moderate temperature (20-25°C). If dilution is necessary, use water (preferably demineralized).

### Drying times:

Drying	1-2h
Sanding and Repainting	3-6h
Dry for stacking (1 Kg/cm <sup>2</sup> )	8h

*The drying time is heavily influenced by the weight, the type of substrate, and the environmental conditions during drying.*

**Cleaning:** Use water. Do not pour residues down the drain. If the material has dried, Acetone will be used for cleaning.

## PRESENTATION:

COLOURLESS
