## IKI-DECOR MATA-CARCOMAS

### PRODUCT DESCRIPTION

Protective wood impregnation based on solvent, with preventive and curative action against insects such as woodworm. Complies with Standards:

**UNE-EN 1390:2021:** Determination of curative efficacy against *Hylotrupes Bajulus* (Linnaeus).

**UNE-EN 46-1:2016:** Determination of preventive efficacy against *Hylotrupes Bajulus* (Linnaeus). Larvicidal effect. Aging by weathering according to EN 84.

**IKI DECOR MATA-CARCOMAS** has European Registration No. **ES/APP(NA)-2023-08-00889**. It has low viscosity, low solid content, and excellent penetration power in all types of wood (softwood, hardwood, and tropical hardwood).

### GENERAL FEATURES

Application by brush, short-hair roller, airless spraying, and immersion.

High penetration power, NP3 according to EN-351-1.

Provides preventive and curative protection to wood against insect attacks such as woodworm.

Preserves the wood's natural appearance.

## CHARACTERISTICS

Viscosity Cup Ford N°4	10"
Specific weight	0,770 g/cm <sup>3</sup> .
Appearance in the container	Fluid liquid.
Stability without opening the packaging (protect from frosts)	24 months.
Efficiency	Preventive: 8 m <sup>2</sup> /l Curative: 4 m <sup>2</sup> /l
Drying times (100 g/m <sup>2</sup> at 20°C):	1-2 h.

## APPLICATION

**Support and preparation:** All types of woods. The moisture content of the wood should be below 15%. Remove any residues of old varnishes or paints from the wood to facilitate the penetration of **IKI DECOR MATA CARCOMAS**.

**Application:** The product is ready for use. Apply it with a brush, roller, immersion, or even spraying, uniformly.  
For preventive protection, apply 100 g/m<sup>2</sup> of **IKI DECOR MATA CARCOMAS** impregnation.  
For curative action, apply 200 g/m<sup>2</sup> of **IKI DECOR MATA CARCOMAS** impregnation.

**Maintenance:** Allow it to dry thoroughly before proceeding with varnishing. Once dry, **IKI DECOR MATA CARCOMAS** can be repainted with water-based or solvent-based protectors.

**Cleaning:** Turpentine or acetone.

**PRESENTATION:** It is available in the following shades:

COLOURLESS

**OBSERVATIONS:** Thoroughly mix the product before use. Solvent-based product. Follow the safety sheet instructions when using it.
